

FORCED TO FIGHT FOR HER BREATH

Nashville Artist Tells of Terrible Suffering Experienced by His Wife.

HUSBAND GOES DOWN HILL

Finally Both Decide to Put Tanlac to Test and as a Result Have Enjoyed Best of Health for Past Three Years.

"Both my wife and myself have put Tanlac to the test and we call it the greatest medicine in the world," said J. T. Montamat, 1123 Third Ave., North, Nashville, Tenn., artistic sign painter for the Cusack Company. Mr. Montamat has lived in Nashville for nearly thirty years and is highly respected by all who know him.

"Before my wife took Tanlac she suffered so badly from gas on her stomach and heartburn that she often said she felt like she was smothering to death. She actually had to sit up in bed to get her breath.

"Well, in a short time after she began taking Tanlac her trouble disappeared and she was like a different person. Seeing the good results in her case, I began taking the medicine myself and it soon had me feeling like a brand new man.

"Up to that time I had been troubled with indigestion. I had no appetite and the little I did eat seemed to do me about as much harm as good. I felt so tired and languid I hated to move around, and was getting in such a run-down condition that it worried me.

"Tanlac acted with me just like it did with my wife, and although that was three years ago we have enjoyed the best of health all along. However, I keep a bottle of Tanlac in the house all the time, and when I feel myself getting run down the medicine soon has me feeling all right again. I am convinced that Tanlac is without an equal. Our friends all know how it helped us and I don't hesitate to tell anyone about it."

Tanlac is sold by leading druggists everywhere.—Adv.

BOY SCOUTS

(Conducted by National Council of the Boy Scouts of America.)

SOME LIVE EAGLES

Troop 15 of Buffalo has passed its ten-year mark and still "going stronger." One of the most interesting features of its organization is its Eagle Life patrol, into which regular troop members graduate on reaching the age of seventeen or on going away to college. These Eagle Life members meet quarterly and have their own officers, organization and constitution, but they also meet with the troop and participate, at least three times a year, in a common program. Troop 15 has several "big ideas." One of these is contained in its slogan, "college for all." At present the troop has 12 boys in college, nine of whom declare that they would not have gone to college if it had not been for the influence of Troop 15. Scholarships amounting to several thousand dollars have been secured through the Eagle scholarship bureau.

Other Eagle departments are a vocational bureau, now in its seventh year, which has filled a real need and been remarkably successful, a travel bureau, which keeps records of journeys, with pictures and data, for the benefit of Eagles or their relatives traveling and the Eagle Troop development, established in 1917, which works through the individual Eagle keeping him active and interested in scouting. Some of the results of this service are: One Eagle scoutmaster, three Eagles (two of them members of the American Legion) all assistant scoutmasters of Troop 15, five Eagles, assistant scoutmasters in their respective college towns, and another, an assistant scoutmaster in the city in which he works.

An extension educational scheme is also another bright idea of the enterprising Eagles, a plan which looks to the encouragement of every Eagle to continue to study after graduation, and in general to enlarge his vision and keep his standards high. Certain annual honors are awarded the Eagles at their June meeting. For instance, the Eagle Feather is awarded the Eagle who has done the most worthwhile work in literature during the year. The Eagle Heart is awarded that Eagle who has done the most during the year to aid in growth and progress of Troop 15. The White Eagle is awarded the Eagle who, out in the world, best upholds the ideals of Troop 15 and the Boy Scouts of America generally for service.

WHAT SCOUTS ARE DOING.

In Kansas City boy scouts annually participate in the sanitary survey of the city conducted under the auspices of the Health department. Over 500 scouts turned out last spring for this service which included a census of fire hazards and health menaces throughout the entire city. Similar service is being rendered in many other cities by scouts.

Among other things, Erie, Pa., scouts last year built bird houses, conducted a Learn-to-Swim campaign, contributed to the Marine Memorial, aided in Salvation Army and Community Chest drive, acted as aides at Rotary Club convention, decorated soldier's graves, co-operated with the state game warden in planting walnut trees and distributed invitations to foreigners to attend Americanization classes.

Troop 1 of Florence, Alabama, took school census, aided chamber of commerce in checking up Federal census, and instructed 2,500 people in the use and location of fire alarm boxes.

Scouts of Bucyrus, Ohio, made an efficient collection of outstanding library books for the public library, conducted a clean-up in an old cemetery resetting stones and markers, acted as guides and messengers for over 400 delegates at the State Young People's conference.

Boy Scouts of Riverside, Cal., took a tree census, reporting not only number but species and location of each. For five years past they have guarded and patrolled the trails leading to the summit of Rubidoux Mountain, on the occasion of the Easter sunrise service.

SCOUTS BUILD MOTOR TRUCK.

A scout is ingenious. If anybody doubts it, let him look at the motor truck which some thrifty boy scouts out in Maxwell, Iowa, have recently built out of junked automobiles, with the addition of a damaged stationary engine which they got at a bargain. The car runs only ten miles an hour but it can and does carry a big load of boys and their duffel when they wish to convey themselves to camp and elsewhere. The hand-built car recently made the trip to the state fair with its owners where it aroused much interest.

NEWS OF SCOUTS.

Scouts of Lawton, Okla., are not only going quite extensively into the tree nursery business but are also supplying canna bulbs and asparagus roots from their own gardens.

The scoutmaster of Troop 1, Helnetta, N. J., recently wrote and staged a successful play designed to demonstrate the value of scout training. The entertainment had excellent results in interesting the public and recruiting new scouts.

ADDS TO LEGION'S STRENGTH

Commander of Minnesota Department Has Way of Doing Things That Gets Results.

Under the direction of A. H. Vernon, commander of the Minnesota department of the American Legion, that state has become one of the strongest Legion departments in the country.

Commander Vernon's theory is that success comes to the Legion in proportion to the service it gives to its members and to the state. In carrying out this policy, he has built up a Legion Service bureau which handles one thousand ex-service claims a month and a department branch of the American Legion News Service.

Early in 1921, when the Federal board for vocational education prepared to send representatives to sixteen centers in the state to examine disabled veterans, the authorities were handicapped by a lack of publicity. Commander Vernon prepared twenty thousand large posters and placed them on every billboard in the state. This was supplemented with information to every newspaper in regard to where every disabled man should report to receive compensation, vocational training and medical treatment.

When an unexpected number of veterans enlisted for vocational training, Mr. Vernon appealed to 20,000 business men to place the men in their establishments. The merchants and manufacturers responded with a good will and all the vocational students were placed to good advantage.

MERITED TRIBUTE TO LEGION

Leslie's Weekly Editorially Honors Brave Men Who Served in the World War.

"The American Legion begins to look like a full-page composite photograph of biographic Americanism from Putnam to Pershing," reads a recent editorial in Leslie's Weekly. "It moves with the weight of the 'Battle Hymn of the Republic' and the levity of 'Yankee Doodle,' with a ululant yell from 'Dixie.' Its large composition is a token of great trust, and the old Roman legions, and other legions of time, begin to look like pop-guns. It neither tries to roar with a lion's heart, nor win a woman's—quite different from the pomaded mustaches of Potsdam. Its manners are quiet; its memory is excellent; its emotions are strong, and it is prepared to roll off the refractory elements in one bundle and hang them on one hook.

"Without a proclamation, an agitation or unloosing a pack of schemes, it has created a civil prestige to match its military splendor. Old soldiers of all ages and all lands are prone to harp on one string, but the tramp of the Legion is in-time and tune with all the chords of throbbing life. It is not merely handsome clay in uniform; but sneived in manhood from its toes to its brains. It has that delightful mixture of sense and spirit, of power and chivalry, of shop and farm, which tickles the popular taste. It neither bleats over its woes nor boasts of its prowess.

"When the mighty military machine dissolved in our citizenship the fragments coalesced through the sympathetic attraction of a high purpose—for in defending the institutions of America the Legion learned how to value them. Thus it possesses a moral prerogative to tread down lurking disloyalty. We are proud to be the fathers and mothers, cousins and aunts of the Legion. We shall sleep sound at nights. And when the historian winds up the task of glory-painting its battles we trust that he will use a golden drop of ink in stating that congress dealt a belated, but a glad and generous, bonus."

FATHER MORAN AIDS LEGION

Former Army Chaplain Assists in Obtaining Armistice Day Legislation in Minnesota.

When the Minnesota American Legion state legislative committee at the opening of the state legislature appointed sub-committees to pilot its various bills through the house and senate, Father D. J. Moran of Farmington, was made chairman of the Armistice-day committee.

Attacking the job with Argonne fervor, Father Moran obtained the passage of a bill declaring Armistice day a legal holiday as the first piece of Legion legislation enacted into law.

As army chaplain, Father Moran served ten months overseas. He is an ardent Legion lecturer and worker. When he returned from France in September, 1919, and found no Legion post organized in Farmington, he headed straight for Legion state headquarters, obtained the necessary funds and within a week had established one of the most active posts in Minnesota.

Baby Specialists.

THAT there are Physicians who specialize on Infant ailments you know. All Physicians understand Infant troubles: all Physicians treat them. It is his profession, his duty, to know human ills from the Stork to the Great Beyond.

But in serious cases he calls in the Specialist. Why? He knows as every Mother knows, or ought to know, that Baby is just a baby, needing special treatment, special remedies.

Can a Mother be less thoughtful? Can a Mother try to relieve Baby with a remedy that she would use for herself? Ask yourself; and answer honestly!

Always remember that Baby is just a baby. And remembering this you will remember that Fletcher's Castoria is made especially for Infants and Children.

Children Cry For Fletcher's CASTORIA

The False and the True.

Advertising by the use of large space, the expenditure of huge sums of money have placed on the market, have put in your home, perhaps, many articles that today have been discarded, as you will readily admit. Do you recall anything that has more modestly appealed to the public than has Fletcher's Castoria: modest in all its claims, pleading at all times—and truthfully—for our babies?

The big splurge, the misleading claims may win for a time, but the honest truth-telling advertiser is like the old story of the tortoise that beat the hare.

Mothers everywhere, and their daughters, now mothers, speak frankly, glowingly, enthusiastically in praise of Fletcher's Castoria. Speak of it lovingly as a friend that has brought comfort, cheer and smiles to their little-one.

To them: to these true mothers no argument can induce them to set aside their bottle of Castoria, their old friend, that they might try even another and unknown remedy for babies. Then, would YOU think of going to YOUR OWN medicine chest to find relief for Baby's troubles? Can you not separate the false from the true?

WOMEN NEED SWAMP-ROOT

Thousands of women have kidney and bladder trouble and never suspect it. Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

Pain in the back, headache, loss of ambition, nervousness, are often times, symptoms of kidney trouble.

Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions.

Get a medium or large size bottle immediately from any drug store.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

Embarrassing Moments

I never saw a man in a more embarrassing situation than the manager of a lecture hall in a town I used to live in.

It was the appointed hour, but the lecturer did not appear. The audience was beginning to show signs of impatience.

Suddenly the manager made his appearance on the platform.

"Ladies and gentlemen," he said, in apologetic tones, "I am sorry to have to inform you that the lecture on 'How to Keep Fit' will have to be postponed owing to the unexpected indisposition of the lecturer."

The laughter that followed lasted several minutes after he had fled from the stage.—Chicago American.

ASPIRIN

Name "Bayer" on Genuine

Beware! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago, and for Pain. Handy tin boxes of twelve Bayer Tablets of Aspirin cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.—Adv.
